ROUND ROBIN COMPLETED

NOTE: It seems like there is an extra step in the process second to the end (when Jim Malloy, Al Diedo, Bob Brown, PGK all call Patrick Distelrath). This step is necessary in that it is this person's responsibility to track back if all three calls are not received (let's say only Al Diedo and Bob Brown call Patrick Distelrath). This person will know where the break is and then can make the necessary call(s) to correct the break (Patrick Distelrath would then call Jim Malloy to see if he has received his three calls or whatever). Once this person has received the three calls or has attempted to remedy any lack of calls, he can then call the GK and provide the necessary details. PLEASE NOTE: This second to last spot on the tree can be assumed by anyone on the tree.
